

# BOWNET BIG MOUTH X

The Next Generation 7'x7' Portable Hitting Net

**NEW!**  
**X Frame Technology™**  
Patent Pending

## Increased Stability

Heavier gauge steel base will stay balanced on any surface and withstand the hardest hits and pitches from the most elite athletes.

## Fewer Parts

The NEW one-piece base frame is hassle free because there are fewer parts to lose. The connector (Patent Pending) is made of a tough glass filled synthetic polymer that combines the hinge and pole sockets, for ease of assembly.

## Longer Lifespan

Heavier, powder coated steel base frame construction is engineered to outlast any frame on the market. Includes a one-year manufacturer's warranty.

## Faster Set-up

With fewer parts, Bownet's Big Mouth X set's up in as little as 60 seconds, allowing more time for practice.

## Reinforced Carry Bag

The NEW carry bag is shaped to better fit the NEW X Frame and net. Heavier weight, 600D canvas and reinforced rubberized PVC ends means this bag will last longer and better protect your investment.

## Product and Shipping Specs

- Set up time: 60 Seconds
- Weight: 17lbs
- Carry Bag Size: 47x6x5 in
- SKU - BowBMX
- UPC - 815317009086
- Shipping Box Weight: 18.5lbs
- Shipping Box Size: 48x7.5x5.5 in
