

PROMAG™ TEE

ProMag™ Tee

Train like a pro with Bownet's new ProMag™ Tee. 10lbs of durability gives the ProMag™ Tee amazing stability, along with Bownet's patented Mesh-top means the ProMag Tee will withstand even the strongest hitters.

The key to the ProMag™ strength is the Patented Magnetic Base Post that creates a powerful and secure connection, locking the tee to the base for a balanced low center of gravity.

The magnetic connection allows the tee to be moved around to work on inside & outside ball locations without the base disconnecting.

\$99⁹⁹
