

BOWNET BARRIERS

Managing shared space for practice and games can often be a challenge and even an issue of safety. Coaches, Leagues, Schools, Parks and Facilities struggle with the challenge of running multiple teams, even multiple sports, in small spaces. Chasing balls all over the field not only brings your game or practice to a halt but can also become an issue of player or spectator safety. Bownet Barriers are the perfect solution for preventing a missed pass or shot at goal from traveling into the game next door or even into the stands.

A Barrier Net (Bow-Barrier)

The largest in the series of Bownet Barriers, this enormous wall stands 21'6" wide x 11'6" tall our most popular choice for schools, teams, clubs, and athletic facilities.

\$399⁹⁹

B Low Barrier Net (Bow-LowBarrier)

The little brother to the Barrier Net the Low Barrier is still a huge 21'6" wide x 8' tall.

\$399⁹⁹

C 8'x 8' Barrier (Bow-fungo-bari)

Sets up in 90 seconds.

\$299⁹⁹

D 18' x 2'9" Low Barrier (Bow-18x2-9-net)

Sets up in 90 seconds.

\$229⁹⁹

E 12' x 3' Low Barrier (Bow-12x3-net)

Sets up in 55 seconds.

\$199⁹⁹
